Addressing the 11:00 o'clock service, Elder Capman discussed the "Second Coming of Christ."

Place and setting — And as he (Jesus) sat upon the Mount of Olives, the disciples came unto him privately saying, "Tell us when shall these things be? And what shall be the signs of thy coming and the end of the world"? And Jesus answered and said unto them, "Take heed that no man deceive you." Matt. 24: 3-14, 23-51.

Memorial Methodist

Dr. Edgar A. Potts, Lynchburg District Superintendent, will be the guest peacher at the 11:00 o'clock worship service on Sunday September 9. Dr. Potts supervises the work of the 50 ministers of the Lynchburg District who are in charge of the Methodist churches in Campbell, Bedford, Appomattox and parts of Halifax and Pittsylvania counties. The district superintendent will give a special message on Evangelism in anticipation of the FALL REVIVAL SERVICES — Sept. 30-Oct. 7, with the guest Evangelist, the Rev. George W. Purks, Sr., former pastor of the Park View Methodist Church, Lynchburg.

The Chapel Choir will present special anthem and the congregation will join in singing—"The Ninety and Nine" just before the sermon by Dr. Potts.

THE REVIVAL CHORUS CHOIR will present special selections at the evening worship service, beginning promptly at 7:30 p.m. and the minister will give another of the special evening messages in preparation for the revival services, on the subject "Walking in the Right Way," based on Isaiah, Chapter 30. An Altar Service for Prayer will close the evening Hour of Worship, with the congregation singing — "Where He Leads Me, I Will Follow." Visitors are always welcome for all of the services, and every member is urged to attend as regularly as possible in special preparation for the Fall Revival Services.

The Commission on Membership and Evangelism is planning Home — Prayer groups during the month of September — the pray for the meeting and the coming of the guest evangelist.

The commission on education will meet Sept. 10 at 7:00 p.m. for careful consideration of the plans and programs for promotion and Rally Day Services in the Sunday School on the last Sunday in September and first Sunday in October.

The ministers and wives of the Lynchburg district will meet Tuesday at 10 a.m. and conclude their meeting with a luncheon at the Epworth Methodist Church, Thaxton, near Bedford. This will be the first meeting for the fall of the ministers' families of the district and pertinent discussions will take place both among the ministers and also among the wives for the advancement of the work on the district.

The special attendance emphasis in the Sunday School during June, July and August showed a very fine response, and the attendance for the first Sunday in September, beginning the second quarter of the current conference year, was most encouraging. The recently organized young adult class for young married couples is making a very fine start under the leadership of Harry Gordon Lawson, as teacher. The nursery conducted during the morning worship is attracting more tiny tots, under the direction of Mrs. J. E. Jamerson.

N And W Station Gets 'New Look'

The local railway station is wearing a new coat of paint. N and W painters recently completed painting the outside with two coats of white, with green trim. J. E. Woolridge of Appomattox, was the foreman on the project.

Rain Wanted

As the Presbyterian young people were getting ready for their latest outing, a cook-out at Hat Creek Presbyterian Camp, one of the loyal members of the church said, "I know you want to have fun, but with all this dry weather, I hope you get rained out." Only a few drops fell, so the young folks' spirits weren't dampened — but farmers all around are hoping for good rains this week to freshen up their crops and brighten their prospects for a better harvest.

Tennis, Anyone?

Coach Bragg of Appomattox High School, reports that the new tennis court can be used by students and town people of appomattox — when it is completed, that is.

The Woman's Club gave $600 to the project, located across the street from the high school. With the money the land was graded and a concrete slab laid down. Now AHS needs money for fencing and they could use a net; in order to put a concrete court into play plus a grass court next to it.

If you'd like a good game of tennis and you'd like to keep your ball off Highway 460, please ask your favorite club to help AHS put a fence around the tennis courts. Yes, they'll take your individual contribution, too! Tennis, anyone?

Majorettes

All of the majorettes in the AHS Band this year have had previous training in twirling their batons. Some have studied under private teachers here, and some at the special Baton Twirling Camp held each summer.

How a town can lose a million-dollar plant . . . and never know it!
He looks like an ordinary tourist. You'd never guess he was seeking a site for a million-dollar plant. He'll stroll through a town and size it up. Stop in the barbershop (still a good place to find out what's what). Talk to people, so carefully casual. Read back issues of local papers. Form his opinions, then move on. A town can be scratched from his list without knowing it had been considered.
Chances are, you'll never know when Mr. Million is looking over your town as a possible plant site. So be prepared. Make your community as attractive as possible to site-seeking industries. Work with local industrial development groups. Boost your town to every tourist or traveler. He may be Mr. Million! And you may help your town gain a million-dollar plant.

His tobacco is heavier this year and will probably average 2,400 pounds to the acre as compared with last year's 1,800 pound average.

County Agent, J. A. Smith, reports that county farmers had a lot of disease problems, particularly with ring spot and chemical damage.

Middle belt bright leaf markets opened on August 30. Old Belt bright markets will open Monday, September 10. The opening dates for the dark tobacco markets at Farmville, Lynchburg and Blackstone have not yet been set, but are generally opened about Dec. 1.

Flying High

One of the young men in Appomattox likes airplanes. He said he'd like one. He was offered a Bonanza aircraft, just $17,000 — plus a few necessary repairs. He counted his pocket change — figured he could handle the cost of the plane, but oh, those repairs! That would wreck his budget! Now he says he'll wait for the Five County Fair and take his chances on that new car being given away Saturday night, September 15.

Appomattox Vote "Yes" For Wheat Controls

Appomattox wheat growers voted "yes" on Thursday, August 30 to continueprice supports and acreage allotments. Alonfg with the rest of the state they approved marketing quotas which will mean a nationwide crop of 55 million acreas in 1963.

Out of the 76 farmers eligible to vote, only 54 cast ballots in Appomattox county — 33 for and 1 against controls and supports.

This affirmative vote means that local farmers under the program will receive at least $1.82 a bushel for the wheat they plant this fall. Had the vote not passed, the support price would have dropped to $1.29 a bushel or, lower.

Appomattox Was On TV Series

On Wednesday night, August 29, historic Appomattox figured in a weekly TV series, "The Rebel", on WSLS, Roanoke's Channel 10 station. One viewer who saw it reports that this was a bit of "historic fiction" — because the plot concerned "the Rebel's" plans to kill General Grant.

The historic surrender was reenacled, however, and various buildings in the old village were reconstructed for the drama.

The National Park Service reports that there is an authentic, historical film on hand at the Surrender Grounds entitled "Sunset at Appomattox." This was produced by duPont and is available for civic group and other interested persons.
